## Primary PE and Sport Premium Funding Proposal

### 2022-2023

At Blue Gate Fields Junior School, we believe that sports and extra-curricular clubs play an important role in promoting social inclusion, healthy lifestyles and self-confidence. We aim to maintain the quality and quantity of sports and after-school clubs, inter and intra school competitions, as well as to increase opportunities for pupils to try different activities whilst raising participation numbers.

The Sports Grant funding was (April 2022 – August 2022) £8,104 based on a roll count of 245 pupils.

The DfE has announced that the grant will be available for the 2022-23 academic year, but has not published any allocation details or probable basis of calculation. Given that it has been fairly consistent over the years, we expect it to be somewhat similar to last year (around £18-19k for the full grant). However, if it bases the numbers on our roll number used for our main funding this year it will be 354 in which case it may be around £19.5k, so we anticipate around £11.3k will be made available to the school before March 2023 (the end of our financial year).

**Key indicator 2:** The profile of PESSPA (Physical Education, School Sport and Physical Activity) being raised across the school as a tool for whole school improvement
